Acknowledgement

We thank the Management of the Dwarkadas J.Sanghvi College of Engineering and our respected Principal Dr. Hari Vasudevan for providing us with all the facilities to complete the project. We would like to convey our heartfelt gratitude to Prof. Abhijit Joshi, Vice Principal and Head of IT Department for accepting our project and inspiring us throughout this project. Also we would like to extend our gratitude to our Project Guide Prof. Abhijit Joshi and external Project guide Prof Sridhar Iyer. Their valuable guidance and timely support has immensely encouraged us to excel in our project.

We would like to take this opportunity to thank Mr. Sameer Sahasrabudhe and Miss. Neha Mendjoge and for guiding us throughout the research of the project. We would also like to thank Mr. Chirag Raman and Mr. Anil Sonune for his suggestions and ideas regarding the project implementation. We would also acknowledge the entire team at IITB Project OSCAR for their support, MHRD for funding Kinect, the ICT Lab at USC for making FAAST open source and the Blender Foundation for making Blender freely available.

Finally, we would like to express our gratitude to the faculty of Information Technology Department of Dwarkadas J.Sanghvi College of Engineering for their co-operation and timely assistance and our loved ones for their moral support.
